NOTICE AND ORDER CONCERNING AN ADDITIONAL  
GLOBAL RESELLER EXPEDITED PACKAGE CONTRACT  
NEGOTIATED SERVICE AGREEMENT

(Issued June 16, 2011)

I. INTRODUCTION

On June 14, 2011, the Postal Service filed a notice announcing that it has entered into an additional Global Reseller Expedited Package (GREP) contract.<sup>1</sup> The Postal Service believes the instant contract is functionally equivalent to the GREP baseline agreement and is supported by Governors' Decision No. 10-1 attached to the Notice and originally filed in Docket No. CP2010-36. *Id.* at 1, Attachment 3. The Notice

---

<sup>1</sup> Notice of United States Postal Service of Filing a Functionally Equivalent Global Reseller Expedited Package Negotiated Service Agreement and Application For Non-Public Treatment of Materials Filed Under Seal, June 14, 2011 (Notice).

explains that Order No. 445, which established GREP Contracts 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1-2. Additionally, the Postal Service requested to have the contract in Docket No. CP2010-36 serve as the baseline contract for future functional equivalence analyses of the GREP Contracts 1 product.

*The instant contract.* The Postal Service filed the instant contract pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that the instant contract is in accordance with Order No. 445. The instant contract is a renewal of the first GREP contract, filed in Docket No. CP2010-36, which is scheduled to expire on June 30, 2011. Notice at 1. The Postal Service will notify the mailer of the effective date within 30 days after all necessary regulatory approvals have been received. The contract will remain in effect until January 31, 2012, or a date in January 2012 prior to the Postal Service's publication of price changes for its Express Mail International and/or Priority Mail International products. *Id.* at 3. It may, however, be terminated by either party on not less than 30 days' written notice. *Id.* Attachment 1 at 5.

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachment 1—a redacted copy of the contract and applicable annexes;
- Attachment 2—a certified statement required by 39 CFR 3015.5(c)(2);
- Attachment 3—a redacted copy of Governors' Decision No. 10–1, which establishes prices and classifications for GREP contracts, a description of applicable GREP contracts, formulas for prices, an analysis of the formulas, and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contract and supporting documents under seal.

The Notice advances reasons why the instant GREP contract fits within the Mail Classification Schedule language for GREP Contracts 1. The Postal Service identifies general contract terms that distinguish the instant contract from the baseline GREP agreement. It states that the instant contract differs from the contract in Docket

No. CP2010-36 pertaining to revisions or clarification of terms, *e.g.*, definition of qualifying mail, discounts offered by the reseller, minimum revenue, periodic review of minimum commitment, term, assignment, number of rate groups, and solicitation of reseller's customers. *Id.* at 4-6. The Postal Service states that the differences, which include price variations based on updated costing information and volume commitments, do not alter the contract's functional equivalency. *Id.* at 4. The Postal Service asserts that "[b]ecause the agreement incorporates the same cost attributes and methodology, the relevant characteristics of this GREP contract are similar, if not the same, as the relevant characteristics of the contract filed in Docket No. CP2010-36." *Id.*

The Postal Service concludes that its filing demonstrates that the new GREP contract complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to the baseline GREP contract. It states that the differences do not affect the services being offered or the fundamental structure of the contract. Therefore, it requests that the instant contract be included within the GREP Contracts 1 product. *Id.* at 6.
